SUMMARY

- Motivated **Full Stack Developer (MERN)** currently pursuing Integrated MCA at IPS Academy, Indore.
- Experienced in building and deploying **responsive, high-performance** web applications for real-world clients.
- Strong foundation in developing **scalable front-end interfaces and robust back-end APIs**.
- Hands-on experience in **production environments**, contributing to live e-commerce and corporate platforms.
- Skilled in **UI/UX optimization, ensuring pixel-perfect designs** and seamless user experience across all devices.
- Proficient in **modernizing legacy** web architectures to align with current industry standards and best practices.
- Passionate about continuous learning, **performance tuning, and writing clean, maintainable code**.
- Adept at collaborating with clients to **translate business requirements** into functional digital solutions.

TECHNICAL SKILLS

- **Frontend:** React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap, Responsive Web Design.
- **Backend:** Node.js, Express.js, EJS.
- **Tools & Technologies:** Git, GitHub, VS Code, Prompt Engineering.

PROFESSIONAL EXPERIENCE

Soft Spectrum, Indore | Frontend Developer Intern

- Collaborating on live client projects, responsible for developing and optimizing responsive e-commerce web applications to meet specific client requirements.
- Modernizing legacy corporate websites by implementing clean, component-based architecture and improving UI/UX for better user engagement.
- Debugging and resolving critical performance issues, ensuring pixel-perfect design across all devices.
- Actively leveraging modern design patterns to enhance site scalability and maintainability for production environments.

KEY PROJECTS

- **E-Commerce Platform (Live Client Project)** | *React.js, Node.js, Tailwind CSS*
 - Designed and developed a fully responsive e-commerce web application from scratch, currently live at [Herbobeans](#).

- Focused on creating an intuitive navigation flow and seamless user experience to ensure high conversion rates.
 - **Corporate Website Modernization (Soft Spectrum) | *React.js, Modern CSS, JavaScript***
 - Currently leading the modernization of a legacy corporate website ([Soft Spectrum](#)) to align with current web standards.
 - Re-engineering the frontend architecture to improve accessibility, mobile responsiveness, and overall site performance.
 - **Simon Says Memory Game | *Vanilla JavaScript, HTML5, CSS3***
 - Developed an interactive sequencing game utilizing complex structural logic to manage state synchronization and level progression.
 - Engineered highly fluid, hardware-accelerated CSS animations and responsive grids to deliver optimal visual experiences on cross-platform views.
 - Utilized advanced JS debugging and browser execution breakpoints to optimize rendering timelines and memory retention.
-

EDUCATION

- **Integrated Master of Computer Applications (IMCA) | IPS Academy, Indore (RGPV Bhopal) | CGPA: 7.0**
 - **Higher Secondary (12th) | Vidhya Vihar Higher Secondary School, Manawar | 70%**
-
